

**I: Would you like to see a Disney movie through glasses and then attend a costume event, wearing your favorite movie character's outfit?**

P6 replies with great enthusiasm: "Yes, so much! I can't wait to go! I'd love to dress up as my favorite character, Elsa from Frozen, and play with other kids in costume. Did you know I've always celebrated my birthdays with themed parties where all my friends were dressed up?"

P5 adds, linking the experience to her passion for music: "I'd love it if after the movie we could sing along or play music. I have more fun if there's music."
